

27 Main Street Chiltern VIC

4 1 2

There are I am sure many stories that this magnificent old home built in the 1870s could tell.

The current owners have lived there in retirement for about 25 years but prior to that was the Doctors residence and surgery for Chiltern & District residents. Legend has it that one such doctor had a donkey that used to wander through the house from time to time. Now whether that story has been embellished as time goes on one can't say how ever what is real is the fact that the home is a substantial triple brick 7 room period home, on an large block of 2656m² opposite a park in the centre of historic Chiltern and within walking distance of the swimming pool and within cooee of Rutherglen's wine district .

The character of the property is enhanced by the large established trees, wide jarrah floored bull nose verandah

Land Size : 2656 sqm
