On five acres "Cary Grange" this traditional Australian country home in exclusive Greenslopes Estate was craftsman built just 10 years ago and presents a unique opportunity to secure your lifestyle dream. The spotted gum flooring and exposed Oregon beams are a feature of the quality presented throughout. The cathedral ceilings provide a feeling of space and light. The timber theme is continued into a delightful country kitchen featuring Tasmanian blackwood, gas cooking and large pantry. The living and dining room features ceiling fans, a double sided combustion heater and split system heating and cooling. A large rumpus room offers plenty of space for the kids, to entertain, to house guests or to use as a home office or studio. Upstairs you will find the oversized master bedroom with walk in robe, ensuite with spa, parent retreat or study and a balcony overlooking lovely views of the valley. The two bedrooms located downstairs both have built in robes.
