Set within a garden fit for a magazine is this modern designed family home, an architectural dream featuring combined render and stone panel construction. Situated on 9.5 acres with mountain views to be the envy of all your friends. This large family home is approx. 30 squares of living. Four spacious bedrooms plus a study/5 bedroom all with built in robes and the master suite is exactly that, an expansive dressing room and considerable en-suite with walk in shower and separate toilet.

Step outside to a private parents alfresco area, relax and take in the garden views.

Three separate living areas ensure the family can spread out without intruding on each other. Open plan north facing kitchen, dining and family room, light filled kitchen with soft close two pak cabinetry, stone bench tops, 900mm freestanding stove with gas cook-top and european appliances.
