

69 Mitchell Street Wodonga VIC

3 1 2

This home is deceptively large with a room for everyone and everything! It features timber floorboards in the living areas, wood heating and ducted cooling as well as a split system. Updated kitchen with gas cooking, BIR's in 2 of the 3 bedrooms and additional room suitable for a study or playroom. The large yard comes with play equipment, a powered work shed with additional storage at the rear, an enclosed double lock up carport with remote roller door and an undercover outdoor area. Only your inspection will do it justice.
