Low Maintenance Living at its Best!

This executive townhouse is the epitome of low maintenance living and has lawn maintenance included.

The open plan living/meals area adjoins the kitchen which has gas cooking, a dishwasher and ample storage. The living zone opens out to the undercover pergola area and a secure courtyard. The master has a walk in robe and the other a built in wardrobe.

Be assured of keeping cool this summer as the property features three split systems plus ceiling fans - each in the living area, and in both bedrooms! Single lock up garage with remote and internal access.
